

8/1/20 - C prog to add numbers using pointers

### Algorithm

Step 1: Start

Step 2: Input a, b

Step 3: add (p)

Step 4: Stop

void add (struct addition p)

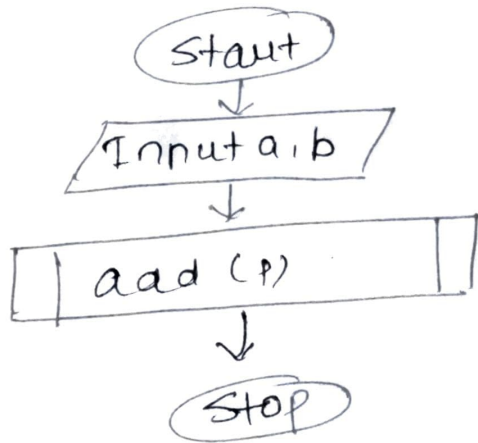

Step 1: Entry

Step 2:  $\text{sum} = p \cdot a + p \cdot b$

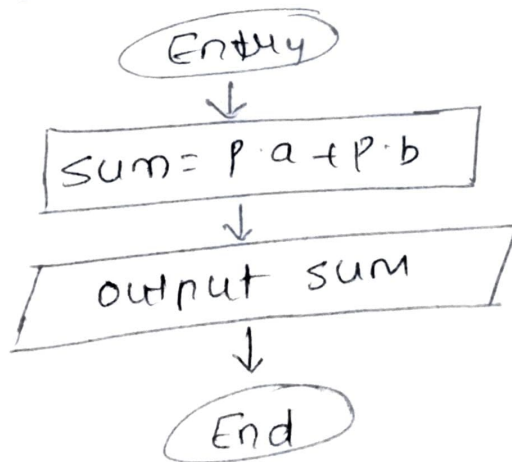

Step 3: output sum

Step 4: End

### flowchart

void add (struct addition p)

```
21 }|
22
23
```

20:1

Custom Input

20 5 |

**Status** Runtime error

**Date** 2020-07-08 14:09:28

**Time** 0

### Input

20 5

### Output

```
Enter the value of a and b
20
5
Sum of 25
```
