step 1: Staut

step 2: Input shing

step 3: len = strlen (str)

step 4: Repeat for (i=0; i<len; i++)

```
{ if ( str [i] = = ' ')
{
    for (j=1; j< len ; j++)
    {
        str [j] = str [j +1];
    }
}
```

step 5: len --;

step 6: print the string without space.

step 7: stop.
